Sir:

TO 3600 MAIL ROOM

AMENDMENT

Responsive to the Office Action mailed September 20, 2000,
please amend the above-identified application as follows:

In the Claims

1. (Amended) A frameless window screen system [for use] in
combination with a conventional window frame, wherein said window
frame defines an opening of given dimensions, the system
comprising:

- a' (a) a screen mesh having side edges,
(b) a first fastener strip secured to said edges of said
screen mesh;
(c) a second fastener strip secured directly to said window
frame in a manner such that said given dimensions of said
window frame opening are not reduced;

wherein said edges of said screen mesh [can be] are aligned with
said window frame in a manner such that said first fastener strip
